

Maths

We will be using the fluency, reasoning and problem solving approach, alongside the use of concrete and pictorial representations in our maths work. We shall be carrying on with our learning about multiplication and division, and also learning about area and fractions.

RE

In RE we will be learning about commitment and Lent. We will be learning about why this is an important time for Christians and the different special days that are part of this period.

PE

We will be continuing PE with Stoke City on a Wednesday and gymnastics on Friday.

Science

We will be learning about states of matter. We will be learning all about solids, liquids and gases and how the particles in these things behave. We will be learning the water cycle and we will learn about evaporation, condensation and investigating what can speed these up.

English

We are going to read a new story called Pig Heart Boy by Malorie Blackman. We shall be creating our own predictions for what happens in the story, letters, thoughts and feelings of characters, news reports, character descriptions and writing from different perspectives. We shall also be learning how to spell and use words from the Year 3/4 list and exploring new grammatical terms.

Year 4 Spring 1

Computing

We will be using our Learning Resource Centre and using purple mash to learn about spreadsheets and writing for different audiences.

History

In History this term, we will be learning about the ancient Egyptians. We will be learning about the river Nile and why it was so important, what the pyramids were used for, what and who pharaohs were and we will also learn about the different steps during the process of mummification.

Music

We will be practising our singing skills.

French

We will be learning how to talk about fruit.

Art/Design & Technology

We will be focusing on our art skills this term. We will be practicing sketching and we will be working with clay to create our own ancient Egyptian artefacts.
